## Boost your Biz with Small Business Week Oct. 17-21

Each year the Chetwynd Chamber of Commerce embarks on celebrating the small and medium size businesses that make our economy run and turn our community from a place to shop to a place we all call home. It is with these businesses that the Chamber wants to share with others the hard work and exemplary services of those businesses. We do this through our Business Excellence Awards. This is valued recognition from fellow businesses and community members that the winners have done an extraordinary job. **Nominate your favourite business or non profit today! # Lifting of COVID-19 travel barriers welcome news for Canadians and businesses

**Ottawa, September 26, 2022** – Today, the Hon. Perrin Beatty, President and CEO of the Canadian Chamber of Commerce, issued the following statement regarding the Canadian Government's decision to remove COVID-19 travel measures:

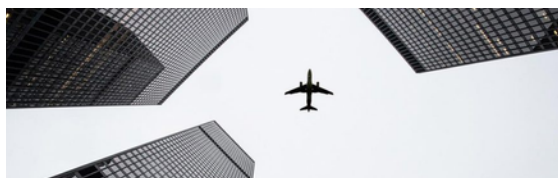

"The lifting of COVID-19 requirements at the border and on planes and trains is extremely welcome news for Canadians and businesses.

We are at a very different stage of the pandemic, and the continued use of outdated travel regulations prolonged the struggle of businesses across the country who have lost billions due to the pandemic, especially those in the hardest hit sectors, such as travel and tourism.

While the changes are late in coming, we are pleased to see the government bring Canada back into line with the rest of the international community and implement policy based on the best available science.

As we continue to move towards recovery, it will be crucial that we are guided by evidence-based policy and that we not re-implement ineffective mandates that will cause further challenges for Canadians and their businesses."

*The Canadian Chamber of Commerce is Canada's largest and most activated business network – representing 450 chambers of commerce and boards of trade and more than 200,000 businesses of all sizes, from all sectors of the economy and from every part of the country – to create the conditions for our collective success. As a member of the Chetwynd Chamber you are also a member of the Canadian Chamber.*

# Looking for *Christmas* PROMO?

## NOW IS THE TIME TO GET STARTED!

The sooner we get started,  
the more options you'll have!  
As stock is depleted, suppliers  
will not be able to quickly  
replenish and your options  
will be more limited.

## *It's Time to Start Your Christmas Promo Shopping*

I know, it still feels like summer and so it seems early to be thinking about Christmas shopping. But, when you're looking at PROMO, you always want to be 4-6 weeks ahead of the day you need it and because is the busiest season in PROMO, it's best to start 6-8 weeks ahead.

And remember, when you're giving out appreciation gifts to employees and customers, you won't be handing them out on December 25th.

Let's say you want to start giving out these gifts at your annual party on **Saturday, November 26th**, you likely want everything ready for pick up by **Friday, November 18th** to provide time for organizing everything. Perhaps you're bundling items with other things, or you need to sort out sizes, wrap and/or label the gifts.

During the "normal" time of year, orders generally take 3-4 weeks once you've approved a final proof, so you'd want to have a confirmed order and have approved all artwork by **Friday, October 21st**.

But at Christmas, orders can take longer to source and decorate so it would be better to have your order placed by the start of the week on **Monday, October 17th** and to place your order, you'll need to have a finalized quote to review and approve, so you'll want to have that in your hands by **Thursday, October 13th**.

So, when you work backwards, to have time to check out all of your options and have the greatest variety of items available, it's time to start chatting with your PROMO supplier now. That's not to say that you won't still be able to order your gifts in November, it just means that you'll have a more limited selection of items available and probably feel a lot more rushed and stressed than you need to.

THANK YOU TO OUR  
INCREDIBLE SPONSORS

& THANK YOU TO OUR VENDORS AND EVERYONE WHO ATTENDED! SEE YOU IN 2023!

### 1 Delivers immediate ROI for their chamber membership

From the moment a member enrolls, Chambers Plan demonstrates immediate value.
